Jesus, The Holy Spirit & You #6
Friendship with the Holy Spirit – John 13:31-14:21

1. Think about what it would have been like to follow Jesus around for 3.5 years during His years of ministry.
    a. What benefits do you think there would have been from hearing and seeing directly?
    b. What does it mean that Jesus calls the Holy Spirit the 'same kind' of Counsellor as He had been to His disciples?
    c. What comfort and encouragement does that bring to you?

2. "I have begun following Jesus and am depending on the Spirit of Jesus in my journey."
    a. On a scale of 1-10 how would you rate your level of dependence on the Holy Spirit in your day to day life?
    b. What step could you do to help yourself walk with the Holy Spirit more consistently, to move closer to a 10 on that scale?

3. Some ideas of how to connect with the Spirit more personally and regularly:
    - Do some personal study on the Holy Spirit
        - Study John 13-17 or the Book of Acts
        - Use a Bible Study book or curriculum
        - Listen to teaching on the Holy Spirit
    - Talk with someone you recognize as more consistent in being led by the Spirit of Jesus about how they have learned to depend on the Spirit.
    - Pray to the Holy Spirit asking the Spirit to lead you in following Jesus in your day.

    Whatever you choose, seek to apply what you learn, not just amass information about the Holy Spirit.
