

Worlds Collide Part 1
Pastor Sam Barry - March 13, 2016

Reflections/Principles to Study & Apply

Read through these passages this week to dive deeper into the message of two Kingdoms that we studied today in Mark chapter 9. We are of two minds and of two Kingdoms having been created by and serving God. Scripture is rich of events where humans have been faced with understanding this balance.

A. Fire on the Mountain Exodus 19:1-25

As God appeared to Moses there was a very physical reaction to the earth itself. There were clouds, fire, shaking and light. Gods' presence in physical form affects creation itself and those who experience it are never the same after

Pray and ask God how He is revealing himself to you.

B. Skies Opening Matthew 3:13-17

There are some messages that God gives that are only for you, others for a wider audience. As Jesus was baptized the LORD audibly spoke to those present. The spirit of God came down in a form that could only be described as a dove.

God seeks to show us truth in our lives, it may not always have a physical shape but the importance of what He tries to show us shapes how we understand his plans. Pray for Gods plans to reveal themselves to you this week.

This week remember the world you live in is only temporary but God's Kingdom is eternal!
